DECORATIVE METAL SOLUTIONS

WALL CLADDING

- Powder Coated
- Mild Steel (Upto 20.00mm)

K-STEEL Laser-cut metal panels provide a unique and distinct way to provide cladding to a building's facade.

With over 30 years in structural design and cladding experience, we help you to create stunning facades that provide protection from the elements while also adding to the architectural aesthetics.

WINDOW AND PRIVACY SCREENS

- Powder Coated
- Mild Steel (Upto 20.00mm)

These products are both weather resistant and easily installed to filter the sun, define spaces, create privacy or even accent your existing spaces

Privacy Screen Panels are an incredible and long lasting way to bring luxury to both your indoor and outdoor spaces.

DECORATIVE METAL SOLUTIONS

FENCES & GATES

- Powder Coated
- Mild Steel (Upto 20.00mm)

Whether you want to build an entire decorative metal fence from our metal privacy screens or want to add them to an existing fence as an accent, we have a pattern that will suit both your needs and property.

Our fabricated Doors and Gates with Laser-cut design infills add functionality, creativity, and a personal touch to a very important feature of your home or workplace

PARTITION SCREENS

Whether you require privacy screens or space dividers, K-STEEL is the solution for you.

Our custom metal partition panels are a great way to create different spaces within your home or work place. These screens could be used to help define areas and bring an artistic element to your space.

BALUSTRADE PANELS

From organic patterns to modern geometric patterns, K-STEEL can make it possible!

Our joint free Laser cut Balustrade panels allow you to customize your space as creatively as possible, offering an elegant solution for any internal or external staircase, walkway, or balcony
